## Freedom of Information Policy

Colton Primary School aims to be a vibrant learning community where everyone feels safe and happy in a culture of tolerance and respect. Children and staff are supported and challenged to achieve their full potential with positive regard to gender, religion, age, economic background, disability and ethnicity. The needs of the whole child are at the centre of our inclusive environment. Attainment and progress are valued alongside personal and social development. Pupils at Colton are confident, independent learners who are not afraid to ask questions of themselves and others.

Colton Primary School fosters positive attitudes to learning, where children embrace their mistakes as the next steps along their educational journey. We aim to develop resilient, inquisitive learners; children who love learning, who are intrinsically motivated and who leave our school confident in their abilities and eager to continue their education.

## Freedom of Information Policy

### Background

Our school is committed to complying with and implementing the provisions of the Freedom of Information Act (2000) and related legislation. This provides a general entitlement to any person to be able to access information held by school, subject to exemptions and conditions laid down by law.

### Scope

This policy applies to all information held by school regardless of how it was created or received. It applies irrespective of the media on which the information is stored and whether the information is recorded on paper or held electronically. The Act's powers are fully retrospective and thus information is accessible no matter how old it may be. Similarly, information in draft form will also be accessible under the Act.

It should be noted that access to personal information (that is information from which a living individual can be identified) is still governed under the Data Protection Act 1998. Requests for access to such information will be governed in line with the requirements of this legislation.

### Dealing with Requests

School will offer advice and assistance to anybody wishing to make a request for information. We are committed to dealing with requests within statutory guidelines, which means that a response will be made no more than 20 school days from the date of request and more speedily if possible. This will be extended in specific circumstances on legal advice in connection with the public interest test. However, school is committed to providing a prompt service and every attempt will be made to provide the information earlier than the expiry of the 20 school day period. Repeated or vexatious requests for information will be refused. School will claim exemptions as appropriate whilst maintaining a commitment to openness, scrutiny and the public interest. School will put in place an appropriate procedure for measuring the public interest when considering a qualified (also known as "non-absolute") exemption which requires such a test.

Any request in writing will be considered a Freedom of Information request including those received by email and fax. There is no need for requests to indicate that they are made under the Act and all requests will be dealt with under this policy. School reserves the right to refuse requests where the cost of locating, retrieving and editing (where necessary) the information would exceed the statutory maximum (currently £450).

School recognises that requests for environmental information may be made over the telephone and that different exemptions apply.

## **Adopting and Maintaining Publication Schemes**

School has adopted a Publication Scheme in accordance with Section 19 of the Freedom of Information Act and is committed to updating and maintaining it to keep it current and relevant. The Publication Scheme contains many of the documents, policies, plans and guidance which are regularly asked for. Material contained within the publication scheme, and a copy of the scheme itself, will be readily available. Where charges are applied these will be stated in the Scheme. The scheme can be accessed in school on request. School staff will give advice and assistance on how to use the scheme as appropriate.

## **Relationship with the Data Protection Act 1998**

School is under a legal duty to protect personal data under the Data Protection Act 1998. We will carefully consider our responsibilities under this Act before releasing personal information about living individuals, including current and former employees and pupils.

## **Responsibilities**

School has a responsibility to make information available in accordance with the Freedom of Information Act. Responsibility for compliance with this and related policies will rest with the Governing Board who will delegate those responsibilities to the Principal. Complaints regarding the use of this policy should be directed to the Governing Board.

All school staff have a responsibility to ensure that any request for information they receive is dealt with under the Act and in compliance with this policy. They are also responsible for good information handling practice and for implementing records management policies and procedures as appropriate to their post.

## **Contact Details**

For advice and assistance, please contact Nadine Steadman in the school office.

Further advice and information about the Freedom of Information Act, including full details of exemptions and advice on the public interest test, is available from the Information Commissioner's website at [www.informationcommissioner.gov.uk](http://www.informationcommissioner.gov.uk)
